The
Wildlife
Trusts

Trustee Recruitment Pack, Spring 2025.

Dear Candidate

Thank you for expressing an interest in becoming a Trustees of The Royal Society of Wildlife Trusts. You may be familiar with The Wildlife Trusts, but what you may not know is that we are a federation of independent charities composed of the Royal Society of Wildlife Trusts (RSWT, the central charity) and 46 independent Wildlife Trusts across the whole of the UK, Isle of Man and Alderney.

The Wildlife Trusts are a movement of place-based independent charities putting nature into recovery throughout the UK and its Crown Dependencies. These Wildlife Trusts are working to bring nature back and empowering people to take meaningful action for nature wherever they live. RSWT works to ensure a strong collective voice for wildlife across those Trusts, coordinating work between individual Wildlife Trusts, and to lead the development of the movement and federation as a whole.

We are looking to add to the existing skills, experience and knowledge of our current set of Trustees. Specifically an individual who will bring their financial skills and experience to support our Honorary Treasurer at both our Trustee meetings, but also on our Resource and Audit Committee. The successful candidate will provide strategic support to Honorary Treasurer, our Head of Finance and the wider Finance Team.

Perhaps you have never been or considered being a trustee before? Do not let that stop you applying. Our Governance Team will help support you and get you up to speed with the various but rewarding responsibilities of being an RSWT Trustee, so that you can bring your experience and insight to the organisation.

We are keen to increase the diversity of our Trustees and would particularly welcome applications from groups under-represented in this sector. We want to make sure we reflect the communities that we work with and have a diversity of experience and perspectives at the table. We are aiming that at all levels The Wildlife Trusts are reflective of people from all backgrounds, identities and experiences. To this end our Trustees will continue to hold the charity to account on its commitment to equality, diversity and inclusivity, ensuring this is embedded right across The Wildlife Trusts and wider environmental sector.

Within this pack, you will find information about both RSWT and The Wildlife Trusts. We hope that this gives you a useful background to our successes as a charity and, details of the role and how to apply for this exciting opportunity.

Thank you and good luck!

The Wildlife Trusts

Who we are

The Wildlife Trusts are a grassroots movement of people from a wide range of backgrounds and all walks of life, who believe that we need nature, and nature needs us. We have more than 944,000 members, over 39,000 volunteers, 3,800 staff and 600 Trustees.

There are forty-six individual Wildlife Trusts, each of which is an independent charity with its own legal identity, formed by groups of people getting together and working with others to make a positive difference to wildlife and future generations, starting where they live and work.

Every Wildlife Trust is part of The Wildlife Trusts federation and a corporate member of the Royal Society of Wildlife Trusts (RSWT), a registered charity in its own right founded in 1912 and one of the founding members of IUCN – The International Union for the Conservation of Nature.

The role of RSWT – the central charity - is to ensure a strong collective voice for wildlife, to help coordinate work between individual Wildlife Trusts, and to lead the development of the movement and federation as a whole.

Taken together this federation of charities is known as The Wildlife Trusts.

Where we operate

The Wildlife Trusts are the only charity for nature established across the UK and Crown Dependencies.

The dual challenges of declining biodiversity and a warming climate will require us to work collaboratively across the political, administrative, and organisational boundaries which exist within and between the nations of the UK and Crown Dependencies.

There are thirty-seven Wildlife Trusts in England and five Wildlife Trusts in Wales, as well as the Scottish Wildlife Trust in Scotland, Ulster Wildlife Trust in Northern Ireland, Alderney Wildlife Trust in the Channel Islands and Manx Wildlife Trust in the Isle of Man. While each Wildlife Trust is independent, we are united in our common purpose to bring wildlife back, to empower people to take action for nature, and to create a society where nature matters.

We celebrate the autonomy of individual Wildlife Trusts and support each other to make decisions within each Trust's jurisdiction, respecting Trusts' independence and right to establish their own policies and approaches in line with The Wildlife Trusts' Strategy.

We recognise and respect that differences between individual Wildlife Trusts may arise as a result of regional, national, and operational differences. While this may sometimes result in challenging situations for us collectively, our differences are our strength, creating space for innovation and experimentation.

We agree to work together, with mutual respect, determination, and in good faith, to find solutions in accordance with our values as a movement, and to overcome strategic, political, and technical barriers to achieve our common vision of a thriving natural world, with our wildlife and natural habitats playing a valued role in driving global change, and people inspired and empowered to take action for nature.

- **Integrity** – We are committed to transparency and inclusivity within our actions and projects, co-designing to deliver the greatest impact for nature. We will always uphold our values and beliefs and speak truth to power..
- **Strength in diversity** – We are comprised of 47 independent organisations that work as one movement, who hold unparalleled knowledge of the wildlife and natural systems within their communities across England, Wales, Scotland, Northern Ireland, Isle of Man and Alderney. We celebrate our differences and work to our common strengths.
- **Pragmatic activism** – We seek radical change and bold thinking, but we are evidence-led and solution-focused and are convinced that working with partners and communities is the way to maximise our impact for nature.

Each year, there should be **more wildlife & more wild places**, and people should become **closer to nature**.

Do I need to have Trustee experience?

Not at all! Training in the core requirements of a trustee will be provided alongside your induction. We are more interested in your wider skills and experiences and attributes that make a successful trustee by bringing something new to the Council.

Each Trustee is elected to the Council for a term of up to 3 years. Trustees can serve a maximum of two terms.

How much time do I have to give?
